## ANNOUNCES

### Art. 1 Research Project

There will be a public selection procedure, based on qualifications and an interview, for the assignment of n. **1 (one) D) Grant - "Graduate Fellowship (Assegno di Ricerca)"** in order to conduct research related to the Scientific Area "Physical Sciences" at the Istituto di Fotonica e Nanotecnologie (IFN), Consiglio Nazionale delle Ricerche, (CNR), Rome, in the scope of the European Project: Marie-Curie Research and Training Network **PICQUE**, in the following topic: "Development of superconducting single-photon detectors and their integration in photonic circuits for quantum optics applications" under the scientific responsibility of dr. Roberto Leoni.

**Research Project:** Integrated photonic circuits have a strong potential to implement quantum information processing in optical systems. In PICQUE, all the basic components of a photonic quantum processor will be addressed: generation, manipulation and detection of photon states. Furthermore, to obtain detectors suitable for scalable circuits involving tens of qubits, the PICQUE consortium will target to breakthroughs in terms of detectors functionality, efficiency and yield, including also their integration with a range of components. In this context, the research program at IFN, Rome, will be finalized in the improvement of the efficiency and yield of superconducting nanowires single photon detectors (SNSPDs)\* by using different approaches:

1. Integrating SNSPDs in waveguides;
2. Developing a standalone system of SNSPDs coupled with optical fibers with system detection efficiency at the state of the art.
3. Investigating new types of photosensitive films.
4. Developing arrays of SNSPDs.
5. Integrating SNSPDs and SNSPD arrays with quantum-optics circuits.

### Art. 2 Duration and amount of the Research Grant

The research grant will run for **36** months and, as a result of any renewals, may not, however, have a cumulative duration of more than four years, according to art. 22 paragraph 3 of Law 240/2010, excluding the period in which the grant was received in connection with a PhD, not exceeding the legal length of its course.

According to Art. 4, paragraph 2 of the specifications for the assignment of grants, the total duration of fixed-term relationships with the CNR must not be above 10 years, even if not continuous, including all employment relationships, collaborations, research grants and scholarships. These do not include relationships of association, other, not paid, forms of cooperation, and the Ph.D.; the time spent on maternity leave or for reasons of health will not be taken into consideration in the calculation, according to current legislation and the periods prior to 1 May 2011.

Any postponement of the starting date of the grant research activity, or any disruption thereof, will be allowed in case of maternity or illness exceeding thirty days. The interruption of the grant assigned activity that is justified under the foregoing provisions, shall entail the suspension of the payment of the grant amount for the period in which the interruption itself occurs, excluding the provision of art. 13 of the disciplinary or other specific rules. The end date of the grant for the research activities will be extended by a period equal to the duration of the interruption.

The amount of the research grant, paid in deferred monthly instalments, is set to €40.508,00 (forty-eight thousands five hundreds eight) per year plus mobility allowances (max € 12.792,00,

## Istituto di Fotonica e Nanotecnologie

At the end of its work, the Committee shall prepare a report in which motivated judgments on each applicant are expressed, even in a synthetic form.

The committee sums up, for each candidate admitted to the final phase, the scores achieved in the evaluation of qualifications and in the interview, forming the merit ranking in descending order, and indicates the winner/s. In case of equal ratings, the younger candidate is preferred.

The merit ranking will be approved by the Director of the Institute, and will be published by the Director herself, to the notice board of the examination site, and on the CNR website: [www.urp.cnr.it](http://www.urp.cnr.it) and with all other forms of advertising provided for this notice of selection.

- c) Photocopy of italian fiscal code card ("codice fiscale");
- d) In case the winner is an employee of Public Administration, before beginning the research activity she/he must submit a copy of the order of placement on leave without pay.

Documents issued by the competent authorities of the State of which the foreign candidate is a citizen must comply with the provisions in force in that State.
